EDUCATION

National Institute Of Technology, Nagaland

Bachelor of Technology in Electronics and Communication Engineering (8.55 CGPA)

Dimapur, Nagaland, IN

Aug, 2023 – 2027(Expected)

Work EXPERIENCE

Web Developer Intern

Besto Solutions, Mumbai, Maharashtra, IN

Dec, 2024 – Feb, 2025

Remote

- Contributed to the successful delivery of 5+ client websites by writing, testing, and implementing high-quality code.
- Cooperated with the team to translate client requirements into functional and responsive websites.
- Maintained a focus on deadlines and project specifications as part of a results-driven development process.

Web Developer

Coding Club, NIT Nagaland

Nov, 2024 – Present

Dimapur, Nagaland, IN

- Designed and developed the official website for Ekarikthin, College's annual techno-cultural fest to deliver an engaging and visually appealing user experience. Worked together closely with the event organizers to ensure the website's design aligned with the fest's theme and branding.
- Crafted an engaging and functional web presence for the Innovation and Incubation Centre at NIT Nagaland
- Implemented responsive design to ensure compatibility across devices, enhancing accessibility for a diverse audience

PROJECTS

WanderLust

June 2025 – July 2025

- A full-stack travel web application using **Node.js**, **Express**, **MongoDB Atlas**, and **Cloudinary**, enabling users to list, review, and manage travel accommodations. Incorporated JavaScript for dynamic functionality, including interactive navigation, event schedules and gallery
- Implemented **user authentication** with Passport.js, CRUD functionalities for listings and reviews, and secure image uploads using Multer and Cloudinary.
- Integrated **Joi validation** for server-side input validation and built a clean, responsive UI using **EJS** templating and **Bootstrap**.
- Significantly improved backend architecture and code modularity using **MVC pattern** with Express Router and controller separation.
- Demo : <https://wanderlust-9757.onrender.com/>
- Git hub : <https://github.com/princerxj/WanderLust>

Ekarikthin

Dec 2024 – Feb 2025

- Utilized HTML, CSS, and Bootstrap to design a responsive and visually appealing front-end interface
- Incorporated JavaScript for dynamic functionality, including interactive navigation, event schedules and gallery
- Enhanced accessibility and responsiveness to ensure seamless user experience across devices and screen sizes.
- Collaborated with stakeholders to refine content and layout, ensuring alignment with branding and goals
- Demo : <https://www.nitnagaland.ac.in/ekavi25/>
- Git hub : <https://github.com/princerxj/Ekarikthin-Final>

TECHNICAL SKILLS

Languages: Java, Python(Basics), HTML, CSS, JavaScript, TypeScript

Frameworks: NodeJS , Express JS, React , Tailwind CSS, Bootstrap

Developer Tools: Git, GitHub, EJS, Socket.io

Databases: MongoDB, SQL, NOSQL

Coding Profiles

Leet Code : Solved 600+ problems <https://leetcode.com/u/princerxj/>
